OBJECTIVE

Computer Science undergraduate with strong foundations in Java, Python, web development, and UI/UX design. Passionate about software development and continuous learning.

EDUCATION

Bachelor of Computer Science, SV College of Engineering 2024–2027
CGPA: 8.5/10

Diploma – Computer Engineering, Government Polytechnic, Obulavaripalli 2021–2024
Percentage: 85.63%

SKILLS

Programming C, Java, Python
Soft Skills Communication, Teamwork, Problem Solving, Team Management
Web HTML, CSS, JavaScript
Tools Figma, Git, GitHub, VS Code, MySQL
Core Subjects Data Structures, DBMS, OOP, Operating Systems, Computer Networks

EXPERIENCE

UI/UX Intern | Codeon Technologies Jul 2023 – Dec 2023
• Designed wireframes and prototypes using Figma.
• Collaborated with developers for smooth implementation.

Web Development Intern | Codeon Technologies Jan 2023 – Jun 2023
• Built responsive web pages using React, HTML, CSS and JavaScript.
• Fixed UI issues and enhanced user experience.

PROJECTS

Student Management System (Java, MySQL)
• Developed a CRUD application with role-based login.
• Managed student records using MySQL.

UI/UX Case Study – Zomato App Redesign
• Conducted user research and redesigned application screens in Figma.
• Created wireframes, prototypes and usability improvements.

INTERESTS

• Learning New Technologies • Playing Chess • Reading Books
